Branch: Civil MS License No. 12365
Branch: Environmental LA License No. 23668

Ms. Trappey offers a strong background in all fields of Civil Engineering. Ms. Trappey worked for eight (8) years at LaDOTD Headquarters. During her time at LaDOTD and at Forte and Tablada, she has gained invaluable knowledge of project design and construction management. She is familiar with the governmental processes with both State and Federal funding along with working with municipalities of all sizes.

Ms. Trappey offers the following skills in Civil/Environmental Engineering Design:

- Water Treatment and Water Distribution design including ground and elevated storage and fire water capacity.
- Wastewater Collection and Wastewater Treatment design including SBR Treatment Plants and Extended Aeration Plant design.
- Roadway Design including rural and urban roadways to State and Federal Guidelines.
- Pavement Evaluation and Design to meet State and Federal Guidelines.
- Drainage Design including both open and sub-surface drainage systems.
- Global Information System (GIS) capabilities.
- Civil Site Work design including all utilities, drainage, site layout and planning.
- Infrastructure design for Correctional Facilities including Parish, State and Federal design standards.
- Subdivision Design including small re-subdivisions to multi acre developments including all associated civil sitework to service the development.
